WHY CHOOSE PENN HOME INFUSION THERAPY SERVICES:

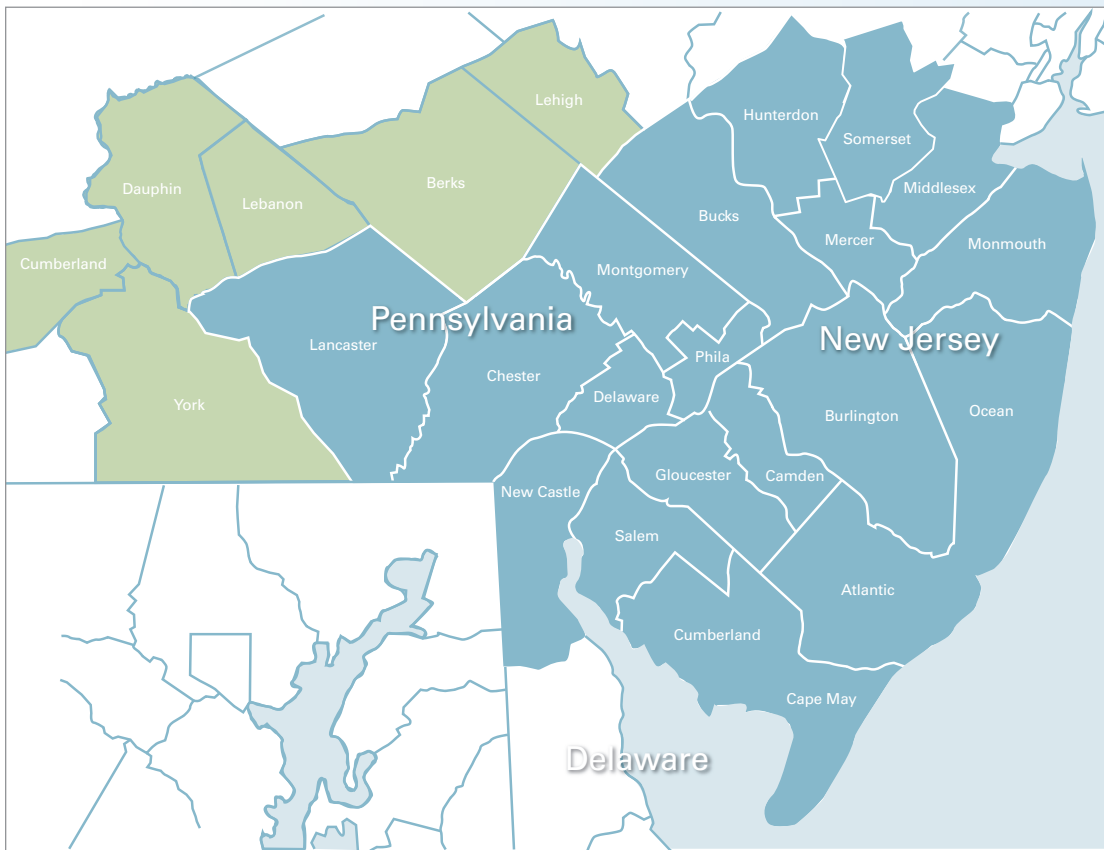

- We function as clinical care teams designed to provide expertise in: Cardiology, Oncology, Nutrition, Infectious Disease, etc.
- We have a substantial complement of PHIT employed direct care clinicians.
- We follow a thorough reactivity protocol both pre-admission and in the event of a reaction.
- We perform insurance verification and authorization, and provide education on copay assistance programs to minimize out-of-pocket costs.
- We accept most major insurance providers.
- We are available and responsive to patients and providers 24 hours a day, 7 days a week.
- We are fully integrated with Penn homecare, palliative care, and hospice.
