

## HIBICLENS Body Wash and Infection Prevention

- Shower should be performed the night before your scheduled surgery before going to bed (around 9-10pm).
- You will be provided with one bottle of HIBICLENS body wash

### INSTRUCTIONS:

- Have a fresh, clean towel ready near shower.
- Take shower and wash thoroughly with mild soap as you normally would.
- Rinse head and entire body thoroughly.
- Shut off water.
- Pour HIBICLENS soap onto clean washcloth.
- Wash thoroughly all areas listed below for two minutes.
- Turn water back on and rinse off fully.
- Pat yourself dry with a clean towel.
- Put on clean pajamas.
- Sleep on clean bedding.
- Do not bathe again or apply cosmetics/deodorant/lotions again before surgery.

## **\*\* CAUTION! \*\***

**Do not apply HIBICLENS soap to face and do not allow it to get in eyes or ears.**

### AREAS TO APPLY:

- ARMS
- LEGS
- CHEST
- STOMACH
- LOWER BACK
