

THE CHESTER COUNTY HOSPITAL *Foundation*

125 years ago local citizens and the Chester County Medical Society came together to proclaim, "It is the duty of Chester County to care for her own." Since then, Chester County Hospital has provided patient-centered care for generations of families living in our local communities.

Medical providers and community members vowed that they would be champions for the health and well-being of their families, friends, and neighbors. Over the course of 125 years, our hospital has grown from humble beginnings into the leading provider of care in the region.

- Chester County Hospital is the leader among all hospitals in the county for number of cardiovascular procedures, babies delivered, and emergency department visits.

Nearly every service our hospital provides is advancing programmatically, technologically, and in state-of-the-art facilities in order to provide excellent care for our community.

- Our three new cutting-edge catheterization labs allow our world-class doctors to perform more life-saving and complex procedures than ever, treating more patients close to home.
- The Abramson Cancer Center at Chester County Hospital is doubling in size to expedite diagnosis and treatment for the growing needs of our patients.
- A new surgical center will open soon in our Southern Chester County campus to better serve the needs of our southwest communities.
- Renovations will soon begin in our Level III Neonatal Intensive Care Unit (NICU), providing the optimal setting to care for our smallest patients.

(over, please)

Chester County Hospital turns 125 years old in 2017.

Chartered in 1892 as a 10-bed dispensary, local citizens came together to proclaim "It is the duty of Chester County to care for her own." From those early days, our Vision and Values continue to guide us towards being the leading provider of care in the region and a national model for quality, service excellence and fiscal stewardship.

YES! I WISH TO BE A CONTRIBUTOR THROUGH THE SUSTAINING GIFTS PROGRAM:

Please charge: \$ _____ each month to my credit card. I understand that if, at any time, I wish to stop the monthly gifts, all I need to do is contact The Chester County Hospital Foundation by phone, email, or mail.

If a box is not checked, your donation will go unrestricted to the hospital's greatest need.

- Our recent investment in technology and conversion to digital patient records facilitates patient data management and greater collaboration between medical providers. Increased accuracy and efficiencies help to improve patient care and empower our patients to be better stewards of their own health.

Our compassionate culture and patient-centered excellence, backed by the support of community members like you, is fueling the greatest growth that our hospital has ever experienced.

The investments made in our programs, services, personnel, and facilities have made a significant impact on the patient-experience. Recently, in a comprehensive study of 2,740 hospitals, **Chester County Hospital was recognized as a U.S. 100 Top Hospital** based on our performance in reaching or exceeding national benchmarks for patient care, operational efficiency and financial stability.

There is no more exciting time than now to call Chester County Hospital **your hospital**. I hope you will honor the commitment made 125 years ago, and participate in caring for your community. Your philanthropic support and compassion will help the hospital serve you, your family, and your neighbors for another century.

If you have recently made a gift, thank you for your support!

Sincerely,

Michael J. Duncan
President & CEO
