

ABOUT **Free to Breathe**
FreeToBreathe.org

Free to Breathe is a partnership of lung cancer survivors, advocates, researchers, healthcare professionals and industry leaders united in the belief that every person with lung cancer deserves a cure. The mission of Free to Breathe is to ensure that surviving lung cancer is the expectation, not the exception. Their vision is to double lung cancer survival by 2022. To turn this vision into reality, Free to Breathe focuses on funding research with the greatest potential to save lives, increasing the number of lung cancer patients participating in clinical trials, and building and empowering the lung cancer community. Since 2001, Free to Breathe has funded over 5 million dollars in lung cancer research. Free to Breathe is a 501(c) 3 non-profit organization headquartered in Madison, WI.

ABOUT **Abramson Cancer Center**
PennMedicine.org/Abramson

At the Abramson Cancer Center our mission is to reduce the burden of cancer throughout our region, the nation and the world through the development of an integrated program of laboratory, clinical and population based research. The Abramson Cancer Center has been continuously designated as a Comprehensive Cancer Center by the National Cancer Institute (NCI) since 1973. One of only 48 such Centers in the country the Abramson Cancer Center was rated "EXCEPTIONAL" by the NCI at our last competitive review — the highest possible rating a Center can receive.

THE ABRAMSON CANCER CENTER & FREE TO BREATHE
GRATEFULLY ACKNOWLEDGE OUR SUPPORTERS:

Lilly, Merck & OncoCyte

The Focus on Lung Cancer Conference is being held in collaboration with Penn Medicine Development Office and Free to Breathe. Attendees will receive communication from Penn Medicine Development Office and Free to Breathe. Participation in this conference is optional and patient privacy has been maintained. If you would prefer not to receive development materials, we will make reasonable efforts to honor such a request. Please send a written request with your name, and address to Tricia or Nicole: Tricia Bruning, Abramson Cancer Center Development Office 3535 Market Street, Suite 750, Philadelphia, PA 19104 | Nicole Sment, Free to Breathe, 1 Point Place, Suite 200, Madison, WI 53719

- 10:05 am** Interventional Pulmonology: Its Key Role in Diagnosing and Managing Lung Cancer and Pulmonary Nodules
Anthony Lanfranco, MD, Interventional Pulmonology
- 10:25 am** Surgical Advances for Lung Cancer: Glowing Tumors
Doraid Jarrar, MD, FACS, FCCP, Thoracic Surgery
- 10:45 am** Break
- 10:55 am** Radiation Therapy: The Promise of Proton and Stereotactic Radiation for Lung Cancer
Steven Feigenberg, MD, Radiation Oncology

CONFERENCE CHAIR

Corey Langer, MD, Professor, Medicine (Hematology/Oncology); Director, Thoracic Oncology

CONFERENCE CO-CHAIRS

Andrew Haas, MD, PhD, Assistant Professor, Medicine (Interventional Pulmonology); Director, Clinical Operations, Section of Interventional Pulmonology and Thoracic Oncology

John Kucharczuk, MD, Associate Professor, Surgery; Chief, Division of Thoracic Surgery

Steven Feigenberg, MD, Professor, Radiation Oncology; Vice Chair, Clinical Research; Chief, Thoracic Radiation Oncology

SPECIAL PRESENTATION:

New Discoveries and Treatments in Immunotherapy for Lung Cancer

- 11:15 am** **Charu Aggarwal, MD, MPH & Evan Alley, MD, PhD**, Hematology/Oncology
- 11:45 am** **Joshua Bauml, MD**, Hematology/Oncology
- 12:15 pm** Panel Discussion / Q&A

MODERATORS

Corey Langer, MD; Steven Feigenberg, MD; John Kucharczuk, MD

PANEL MEMBERS

Charu Aggarwal, MD, MPH, Hematology/Oncology

Evan Alley, MD, PhD, Hematology/Oncology

Joshua Bauml, MD, Hematology/Oncology

Et-Tsu Chen, MD, Radiation Oncology

Tracey Evans, MD, Hematology/Oncology

Andrew Haas, MD, PhD, Interventional Pulmonology

Mary Henningfield, PhD, Director of Scientific Education & Research; Free to Breathe

Doraid Jarrar, MD, FACS, FCCP, Thoracic Surgery

Anthony Lanfranco, MD, Interventional Pulmonology

- 12:55 pm** Lunch

CONCURRENT SESSIONS: LIVING WELL

- 1:30 & 2:05 pm** Important information on living well, coping and managing side effects of cancer and its treatment

Choose one of the following sessions for each time slot

Coping with Cancer: Managing Uncertainty after Diagnosis, and Fear of Recurrence after Treatment

Eleanor Anderson, MD, Cancer Counseling

Chemotherapy for Lung Cancer: Identifying and Managing Side Effects
Faith Mutale, CRNP, MSN, Hematology/Oncology

Immunotherapy for Lung Cancer: Identifying and Managing Side Effects
Suzanne Walker, CRNP, MSN, Hematology/Oncology

- 2:35 pm** Conference Closing

Managing Targeted Therapies for Lung Cancer

Susan Stonehouse-Lee, CRNP, MSN, Hematology/Oncology

Radiation Treatment: Identifying and Managing Side Effects
Carol Proud CRNP, MSN, AOCNP, Radiation Oncology

Clara Hilton, BSN, RN, Radiation Oncology

Integrative Approaches for Lung Cancer
Laura Galindez, MSW, LSW
